2006 Massachusetts Combined Corporation Excise Return **Form 355C**

Schedules and Instructions

If your total revenues are \$100,000 or more, you **must** e-file. Do not use this form. **Note:** At the time this booklet was printed, the IRS had not released final versions of its forms and schedules. Therefore, taxpayers should double-check references to U.S. forms and schedules within this booklet before filing their returns.

What kind of help is available

The instructions in the Department of Revenue's tax forms should provide answers to most taxpayer questions. If you have questions about completing your Massachusetts tax form, you can call us at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089 Monday through Friday, between 8:45 a.m. and 5:00 p.m. DOR's website at www.mass.gov/dor is also a valuable resource for tax information 24 hours a day. Thousands of taxpayers use DOR's website to e-mail and receive prompt answers to their general tax inquiries. Interactive applications that allow taxpayers to check the status of their refunds and review their quarterly estimated tax payment histories are available through our website or by calling our main information lines listed above.

Where to get forms and publications

To obtain Massachusetts forms and publications by phone, call the Department's main information lines at (617) 887-MDOR or toll-free in Massachusetts at 1-800-392-6089. Please note that many forms and publications are available 24 hours a day by calling the Department's automated forms request system at the numbers listed above.

Many Massachusetts tax forms and publications are available via the DOR website. The address for the Department's website is www.mass.gov/dor.

For general tax information. Please call (617) 887-MDOR or toll-free in Massachusetts 1-800-392-6089. These main information lines can provide assistance with the following:

- | | | |
|-------------------------|---------------------------|-------------------------|

- ▮ Teletype (TTY) (617) 887-6140 ▮ Small Business Workshop (617) 887-5660
- ▮ Vision-impaired taxpayers can contact any DOR office listed on this page to receive assistance.
- ▮ Upon request, this publication is available in an alternative format. Please send your request to: Office of Affirmative Action, PO Box 9550, Boston, MA 02114-9550 or call (617) 626-3410.

To report allegations of suspected misconduct or impropriety involving Department of Revenue employees, please call the Inspectional Services Division's Integrity Hot Line at 1-800-568-0085 or write to PO Box 9568, Boston, MA 02114-9568.

Mailing Checks and Enclosing Forms

If you are making a payment, complete Form 355C-PV, Payment Voucher, found on the bottom of this page. Staple your check or money order to the front of Form 355C-PV and enclose with your return. Do not staple supporting schedules to the Form 355C as this will delay the processing of your return.

This booklet contains Form 355C and most schedules needed to complete your Massachusetts corporation excise return. This booklet also includes an Application for Corporate Extension, Form 355-7004.

Major 2006 Tax Law Changes

For tax year 2006, new credits are available for corporate taxpayers. Included are the Medical Device Credit that can be taken by a medical device company and two film credits that can be taken by a motion picture production company. In addition, certain changes have been made to the rules governing the Historic Rehabilitation Credit and the Brownfields Credit. For further information on these credits, refer to the "Are There Special Tax Credits Available in Massachusetts?" section of this booklet.

The apportionment formula for corporations engaged in substantial manufacturing (section 38 corporations) was recently amended to state that corporations that manufacture value-added agricultural products are subject to single-sales-factor apportionment. For further information, see TIR 06-16.

Recent legislation has revised the statutory net worth formula of the corporate excise for qualified Real Estate Investment Trusts (REITs) that are intangible property corporations. For further information, see TIR 06-6.

Effective for tax years beginning on or after January 1, 2006, a corporation classified as tax-exempt under IRC § 501 is subject to tax on its unrelated business income as defined for federal tax purposes. An exempt corporation that has gross income from an unrelated trade or business and is required to file federal Form 990-T, Exempt Organization Business Income Tax Return, will be required to file Form M-990T, Unrelated Business Income Tax Return. For further information, see TIR 06-7.

IMPORTANT: At the time of the printing of these forms, state legislation to provide relief from the May 2006 flooding for taxpayers in areas declared federal disaster areas in the counties of Essex, Middlesex, Norfolk, Suffolk and Worcester was pending in the legislature but had not been enacted. Please go to the Department of Revenue's website at www.mass.gov/dor for further news and instructions. Also, check the department's website for any state changes caused by federal legislation signed after December 1, 2006.

Who Must File as a Member of a Combined Group?

Two or more corporations, domestic or foreign, which participate in the filing of a consolidated return of income to the federal government, may elect to file a combined return for the purpose of reporting their net income in Massachusetts. After the election to file a Massachusetts combined return is made, a combined return must be filed for each subsequent year, unless and until the members receive written approval from the Commissioner to file separate returns. This approval will be granted only for a valid business purpose other than the reduction of tax.

Each member subject to the Massachusetts corporate excise must be included in the combined return. A corporation is subject to the Massachusetts excise when any of the following conditions are met:

- ▶ the corporation actually does business within the Commonwealth;
- ▶ the corporation exercises its charter within the Commonwealth;
- ▶ the corporation owns or uses any part of its capital, plant or other property in the Commonwealth; or
- ▶ the corporation owns and/or rents real or tangible personal property as a lessor in Massachusetts even without having a usual place of business here.

Corporations which must file and pay corporate excise include any corporation which:

- ▶ is organized under, or subject to, Chapters 156, 156A, 156B or 180 of Massachusetts General Laws (M.G.L.); or
- ▶ has privileges, powers, rights or immunities not possessed by individuals or partnerships.

The following corporations are not obligated to file:

- ▶ corporations organized under the provision of section 10 of Chapter 157.

How Does a Corporation Elect to Be a Member of a Combined Group?

Each corporation makes the election to be a member of a combined group by filing Form 355C. The election to be a member of a combined

group is made by the responsible corporate officer when signing the return. The election must be made by the due date of the corporate excise return or by the extended due date, if applicable.

What Are the Filing Requirements?

- ▶ Corporations in an affiliated group electing to file a combined return must file their returns together. If an extension of time is required for one or more of the corporations, the extension should be filed for the entire combined group.
- ▶ Each corporation must fill out Form 355C. Corporations must follow the guidelines in Technical Information Release (TIR) 95-8 if filing reproductions of tax forms and schedules.
- ▶ The affiliated group must designate a principal reporting corporation for Massachusetts tax purposes.

Note: Under Massachusetts law, all businesses registered as corporations to do business in the Commonwealth are required to file an Annual Report form with the Secretary of State on or before the 15th day of the third month after the close of their fiscal year. Annual Report forms can be obtained by calling (617) 727-9440. For further information on this requirement, refer to M.G.L. Ch. 156B, sec. 109 and Ch. 181, sec. 4 or call the Secretary of State's Corporate Information Line at (617) 727-9640.

What Is the Principal Reporting Corporation?

The principal reporting corporation is the corporation upon whose return the income of a combined group is reported. For processing reasons, the combined group is encouraged to use the same principal reporting corporation each year. In most cases this will be the parent corporation of the federal consolidated group. However, in cases where the parent does not have taxable nexus in Massachusetts, another affiliate or subsidiary should be designated as the principal reporting corporation.

The principal reporting corporation must complete Form 355C, including Schedules A, B, C, D or RNW, CG and any other pertinent schedules.

Each corporation must also complete Schedule E-CG, and, if applicable, Schedule F. Enclose additional copies of Schedule CG, Schedule E-CG and Schedule F if necessary. Enclosures that do not meet the form reproduction guidelines of TIR 95-8 are not sufficient.

How Does a Principal Reporting Corporation Compute the Corporate Excise?

Taxable income must be determined and apportioned separately for each affiliated corporation to arrive at the group's net income subject to tax. The principal reporting corporation computes its excise on the combined group's net income subject to tax, along with its own net worth or tangible property measure of the excise.

What Are the Responsibilities of the Affiliate or Subsidiary Corporations?

Each affiliate or subsidiary corporation must:

- ▶ File a Massachusetts Form 355C, completely filling out Schedules A, B, C, D or RNW, E-CG and any other pertinent schedules. Enclosures which do not meet the form reproduction guidelines of TIR 95-8 are not sufficient; and
- ▶ Enclose a copy of the principal reporting corporation's Schedule CG to the front of the return.

Affiliates or subsidiaries should enter no amount in line 3 of the excise calculation of Form 355C. Each affiliate or subsidiary must calculate its individual tangible property or net worth measure of the excise. The income measure of the excise for the combined group is calculated and reported by the principal reporting corporation only. For further information, refer to the excise calculation instructions in this booklet.

Under no circumstance may an affiliate or subsidiary corporation pay less than the minimum excise of \$456.

What Is Nexus for Massachusetts Corporate Excise Purposes?

A corporation that owns or uses any part of its capital or other property, exercises or continues its charter or is qualified to, or is actually doing business in Massachusetts has nexus with the Commonwealth and must pay a corporate excise. The term "doing business" as defined in M.G.L. Ch. 63, sec. 39 includes:

- ▶ the maintenance of a place of business;
- ▶ the employment of labor;
- ▶ the buying, selling or procuring of services or property;
- ▶ the execution of contracts;
- ▶ the exercise or enforcement of contract rights; and
- ▶ each and every act, power, right, privilege, or immunity exercised or enjoyed in the Commonwealth, as an incident to or by virtue of the powers and privileges acquired by the nature of such organizations, as well as, the buying, selling or procuring of services or property.

Public Law (PL) 86-272 excludes from state net income-based taxation those interstate activities constituting mere solicitation of orders for sales of tangible personal property filled by shipment or delivery from a point outside Massachusetts after orders are sent outside the state for approval or rejection (15 IRC sec. 381(a)).

The following are activities that ordinarily fall within the scope of "solicitation" under PL 86-272:

- ▶ activities including advertising related to generating retail demand for the products of a manufacturer or distributor by promoting the products to retailers who order the products from a wholesaler or other middleman;
- ▶ carrying samples only for display or for distribution without charge or other consideration;
- ▶ owning or furnishing automobiles to sales representatives, provided that the vehicles are used exclusively for solicitation purposes;
- ▶ passing inquiries and complaints on to the home office;
- ▶ incidental and minor advertising;
- ▶ checking customers' inventories for reorder only;

- ▶ maintaining a sample or display area for an aggregate of fourteen calendar days or less during the tax year, provided that no sales or other activities inconsistent with solicitation take place;
- ▶ soliciting of sales by an in-state resident representative who maintains no in-state sales office or place of business; and
- ▶ training or holding periodic meetings of sales representatives.

For further information on corporate nexus, refer to Regulation 830 CMR 63.39.1.

What Are the Differences Between the Massachusetts Corporate Excise and the IRC?

Gross income for corporate excise purposes is the same as that defined under the IRC, as amended and in effect for the taxable year, with the following additions:

- ▶ interest from the bonds, notes and evidences of indebtedness of any state, including Massachusetts.

Net income is gross income less the deductions, but not the credits, allowable under the U.S. IRC. The following deductions, however, are not allowed:

- ▶ dividends received, except as permitted under Massachusetts law (See Schedule E-1 instructions); and
- ▶ taxes on or measured by income, franchise taxes measured by net income, franchise taxes for the privilege of doing business and capital stock taxes imposed by any state or U.S. territory.

The deduction for losses sustained in other taxable years is allowed subject to certain restrictions. See Schedule E-2 for further information.

DOR and the IRS maintain an extensive exchange program, routinely sharing computer tapes and audit results. Discrepancies between income and deductions reported federally and on this return, except those allowed under state law, will be identified and may result in a state audit or further investigation.

If the corporation is the parent of a wholly-owned DISC, the federal net income of the parent shall be reported to Massachusetts with no allocation of income, deductions, assets or liabilities made to the DISC. The DISC income, which must be included

in the parent's return, must be for the same taxable year or the taxable year immediately following the close of the parent's taxable year. DISCs which are not wholly-owned, either directly or indirectly, are taxable as regular business corporations.

Massachusetts generally adopts the IRC treatment of transactions between FSCs and shareholder corporations. For additional information see Regulation 830 CMR 63.38G.2.

Are There Special Tax Credits Available In Massachusetts?

Yes. Massachusetts offers several special credits and deductions to corporations.

Under M.G.L. Ch. 63, sec. 32C, a corporation's credits may not offset more than 50% of its excise. Any credits not utilized as a result of this provision may be carried over for an unlimited number of years. This provision does not apply to the Research Credit, the Harbor Maintenance Tax Credit, Low-Income Housing Credit, Historic Rehabilitation Credit, the Full Employment Credit, the Film Incentive Credit or the Medical Device Credit.

Investment Tax Credit

Manufacturing corporations and corporations engaged primarily in research and development, agriculture or commercial fishing are allowed a credit of 3% of the cost of depreciable real and tangible property. Such property must have a useful life of four years or more or a recovery period of three years or more. The property must be used and located in Massachusetts on the last day of the taxable year. A corporation cannot take the credit on property which it leases to another. A corporation can take the credit on property which it leases from another (for property leased and placed in service on or after July 1, 1994). Generally, eligible corporate lessees making qualifying leasehold improvements may claim the credit.

Note: Motor vehicles and trailers acquired on or after January 1, 1988 and subject to the motor vehicle excise do not qualify for the Investment Tax Credit.

A corporation may carry over to the next succeeding three years any unused portion of its Investment Tax Credit. To claim the Investment Tax Credit, Schedule H must be completed where the credit is calculated and also reconciled with your other credits. The amount of the credit is then entered on Schedule CR.

Vanpool Credit

Foreign and domestic corporations are allowed a credit of 30% of the cost incurred during the taxable year for the purchase or lease of company shuttle vans used in the Commonwealth as part of an employer-sponsored ridesharing program. The shuttle vans must be used for transporting employees and students from their homes, or public transportation facilities, to their places of employment or study.

To claim the Vanpool Credit, Schedule VP must be completed. This credit is reconciled with your other credits on Schedule H and the amount of the credit entered on Schedule CR.

Economic Opportunity Area Credit

A credit of 5% of the cost of qualifying property purchased for business use within an Economic Opportunity Area (EOA) is available to businesses. To qualify for the EOA credit, the property must be eligible for the 3% ITC and used exclusively in a certified project in an EOA. However, a 3% ITC and 5% EOA credit cannot be claimed with respect to the same property. A certified project is a project that has been approved by the Economic Assistance Coordinating Council (EACC). Any business that participates in a certified project located in an EOA is eligible to take the credit.

The 5% EOA credit cannot offset more than 50% of the excise due nor reduce the excise below the minimum tax. Any unused credit may be carried forward for ten years.

To claim the credit, Schedule EOAC must be completed. This credit is reconciled with your other credits on Schedule H and the amount of the credit entered on Schedule CR.

Research Credit

A deduction is allowed for corporations which have incurred basic research payments and/or qualified research expenses for research conducted in Massachusetts during the taxable year. A corporation taking the research credit is allowed to deduct from excise:

- ▶ 100% of the first \$25,000 of excise; and
- ▶ 75% of any amount of excise remaining after the first \$25,000.

The credit is available for expenses incurred on or after January 1, 1991.

The deduction allowed to a corporation for any expenses which qualify for the credit must be reduced by the amount of the credit claimed for the taxable year.

Any corporation which is a member of a combined group may share excess research credits with other members of the combined group. Corporations which are members of a controlled group or which are under common control with any trade or business (whether or not incorporated) are treated as a single taxpayer for purposes of determining the allowable Research Credit.

See Schedule RC or Schedule RC-A instructions for further information. To claim the Research Credit, Schedule RC or Schedule RC-A must be completed and the amount of the credit entered on Schedule CR.

Harbor Maintenance Tax Credit

Corporations are allowed a credit against the corporate excise for certain harbor maintenance taxes paid to the U.S. Customs Service pursuant to IRC sec. 4461. A corporation is eligible for the credit if the tax paid is attributable to the shipment of break-bulk or containerized cargo by sea- and ocean-going vessels through a Massachusetts harbor facility.

The credit is not subject to the 50% limitation; however, it may not reduce the tax to less than the minimum excise of \$456. A taxpayer may carryover any excess credit to any of the next succeeding five taxable years.

See Schedule HM instructions for further information. To claim the Harbor Maintenance Tax Credit, Schedule HM must be completed and the amount of the credit entered on Schedule CR.

Full Employment Credit

Corporations who participate in the Full Employment Program and continue to employ a participant for at least one full month after any Full Employment Program subsidy has expired may claim the Full Employment Credit. A qualified employer may claim a credit equal to \$100 per month of eligible employment per participant with a maximum credit of \$1,200 per participant. Qualified participants and employers are those who participate in the Full Employment Program under the rules of the Department of Transitional Assistance.

The credit is not subject to the 50% limitation; however, it may not reduce the tax to less than the minimum excise of \$456. A taxpayer may carryover any excess credit to any of the next succeeding five taxable years.

See Schedule FEC instructions for further information. To claim the Full Employment Credit, Schedule FEC must be completed and the amount of the credit entered on Schedule CR.

Brownfields Tax Credit

Taxpayers are allowed a credit for amounts expended to rehabilitate contaminated property owned or leased for business purposes and located within an economically distressed area.

The eligibility period for the Brownfields Credit has been lengthened. The environmental response action commencement cut-off date has been extended from August 5, 2005 to August 5, 2011 and the time for incurring eligible costs that qualify for the credit has been extended to January 1, 2012.

The Brownfields Credit may be transferred, sold or assigned to another taxpayer with a liability under chapter 62 or chapter 63, or to a nonprofit organization.

The Department will issue a certificate to the party receiving the Brownfields Credit reflecting the amount of the Brownfields Credit received. The party receiving the Brownfields Credit must enclose the certificate with each tax return in which the credits are being applied. Certificate application forms and additional information are available at www.mass.gov/dor.

The Brownfields Credit cannot offset more than 50% of the excise due nor reduce the excise below the minimum tax. Any unused credit may be carried forward for five years.

See Schedule BC instructions and TIR 06-16 for further information. To claim the Brownfields Credit, Schedule BC must be completed and the amount of the credit entered on Schedule CR.

Low-Income Housing Credit

This credit is administered through the Massachusetts Department of Housing and Community Development (DHCD). The Low-Income Housing Credit is available to taxpayers that claim a federal credit for the construction or development of low-income housing. The state credit is taken over five years. The amount of credit a taxpayer may claim for a qualified Massachusetts project is allocated by the DHCD and is based on a total pool of money awarded to the Commonwealth. In order to claim the credit, a copy of the eligibility statement issued by DHCD must be available upon request.

For further information regarding this credit, contact the Department of Housing and Community Development, Division of Private Housing, at (617) 727-7824.

To claim the Low-Income Housing Credit, supporting documentation must be enclosed with the return and the amount of the credit entered on Schedule CR.

Historic Rehabilitation Credit

Effective for years beginning on or after January 1, 2005 and ending on or before December 31, 2011, taxpayers may be eligible for the Historic Rehabilitation Credit (HRC). To claim this credit, a historic rehabilitation project must be complete and have been certified by the Massachusetts Historical Commission. Unused portions of the credit may be carried forward for a maximum of five years. This credit may be transferred or sold to another taxpayer. The HRC is not subject to the 50% limitation rule for corporate taxpayers. If the taxpayer disposes of the property generating the HRC, a portion of the credit may be subject to recapture.

For further information, see Regulation 830 CMR 63.38R.1, Massachusetts Historic Rehabilitation Tax Credit.

To claim the Historic Rehabilitation Credit, supporting documentation must be enclosed with the return and the amount of the credit entered on Schedule CR.

Home Energy Efficiency Credit

The owner of residential property located in Massachusetts is allowed a credit for certain energy efficient items purchased between November 1, 2005 and March 31, 2006 for installation in residential property. Qualifying purchases include home insulation, new window insulation, advanced programmable thermostats, solar hot water systems, fuel-efficient furnaces, boilers, oil, gas, propane or electric heating systems, certain weather sealing and other approved purchases.

The credit allowed for the installation of qualifying purchases for any one residential building is 30% of the cost. The credit cannot exceed \$600 for a single residential unit or \$1000 for a multi-dwelling unit. Joint owners of a residential property may share any credit available to the property in the same proportion as their ownership interest.

See Schedule HEEC instructions for further information. To claim the Home Energy Efficiency Credit, Schedule HEEC must be completed and the amount of the credit entered on Schedule CR.

Solar Heat Credit

Massachusetts allows a credit of up to \$300 for the installation of a solar hot water heating system in a commercial building between November 1, 2005 and March 31, 2006.

For further information, see TIR 05-18. To claim the Solar Heat Credit, supporting documentation must be available upon request and the amount of the credit entered on Schedule CR.

Film Incentive Credit

For taxable years beginning on or after January 1, 2006 and before January 1, 2013, Massachusetts allows two credits for motion picture production companies who meet certain qualification requirements. Production companies who incur at least \$250,000 of production costs in Massachusetts are eligible for income and corporate excise tax credits equal to 20% of the total Massachusetts payroll for the production, excluding salaries of \$1 million and higher. In addition, production companies whose Massachusetts production expenses exceed 50% of the total production cost receive an income and corporate excise tax credit of 25% of the total Massachusetts production expense. The total credit for any one production is capped at \$7 million. Supporting documentation must be available to the Department of Revenue upon request.

For further information on the Film Incentive Credit, see TIR 06-1. To claim the Film Incentive Credit, enter the Certificate Number issued by the Department of Revenue and the amount of the credit on Schedule CR. Certificate application forms and additional information are available at www.mass.gov/dor.

Medical Device Credit

For taxable years beginning on or after January 1, 2006, the Medical Device Credit is equal to 100% of the user fees actually paid to the United States Food and Drug Administration (USFDA) by a medical device company during the taxable year for which the tax is due for pre-market submissions (e.g., applications, supplements, or 510(k) submissions) to market new technologies or upgrades, changes, or enhancements to existing technologies, developed or manufactured in Massachusetts.

For further information on the Medical Device Credit, see TIR 06-22. To claim the Medical Device Credit, enter the Certificate Number issued by the Department of Revenue and the amount of the credit on Schedule CR. Certificate application forms and additional information are available at www.mass.gov/dor.

What If a Corporation's Taxable Year Is Less Than 12 Months?

Corporations whose taxable year is less than twelve calendar months may determine their excise by prorating calendar months for the non-income measure of the excise only. Schedules should be available to explain any prorating computations.

A corporation may never pay less than the \$456 minimum excise on a return, and this amount can never be prorated as Massachusetts law makes no provision for the proration of the minimum excise.

When Are Returns Due?

Corporate excise returns, together with payment in full of any tax due, must be filed on or before the 15th day of the third month after the close of the taxable year, calendar or fiscal.

An extension of time for filing returns will be granted for reasonable cause upon request. In order to request an extension, a corporation must file Form 355-7004 on or before the normal due date of the return and pay in full the estimated tax due.

Corporations with \$100,000 or more in receipts or sales must submit their extension request, as well as any accompanying payment, electronically. Also, any corporation making an extension payment of \$5,000 or more must make the payment using electronic means. See TIR 04-30 for further information.

Under certain circumstances, if a payment is not required to be submitted with the extension request, the requirement to file the extension may be waived. For further information, see TIR 06-21.

Note: An extension of time to file is not valid if the corporation fails to pay at least 50% of the total tax liability or the minimum tax of \$456, whichever is greater, through estimated payments or with Form 355-7004.

Any tax not paid on or before the due date — without regard to the extension — shall be subject to an interest charge.

What is a Proper Return?

A proper return is a return upon which all required amounts have been entered in all appropriate lines on all forms. Data sheets, account forms or other schedules must be available to explain amounts entered on the forms. Referencing lines to enclosures in lieu of entering amounts onto the return is not sufficient.

An exact copy of U.S. Forms 1120 including all applicable schedules and forms and any other documentation required to substantiate entries made on this return, must be made available to the Department of Revenue upon request.

Should the Corporation Be Making Estimated Tax Payments?

All corporations which reasonably estimate their corporate excise to be in excess of \$1,000 for the taxable year are required to make estimated tax payments to the Commonwealth. Estimated taxes may be paid in full on or before the 15th day of the third month of the corporation's taxable year or in four installment payments according to the schedule below.

- ▶ 40% of the estimated tax due for the year is due on the 15th day of the 3rd month of the taxable year;
- ▶ 25% of the estimated tax due for the year is due on the 15th day of the 6th month of the taxable year;
- ▶ 25% of the estimated tax due for the year is due on the 15th day of the 9th month of the taxable year;
- ▶ 10% of the estimated tax due for the year is due on the 15th day of the 12th month of the taxable year.

Corporations with \$100,000 or more in receipts or sales must submit their estimated payments electronically. See TIR 04-30 for further information.

Note: New corporations in their first full taxable year with less than 10 employees have different estimated payment percentages — 30%, 25%, 25% and 20% respectively.

To avoid a possible underpayment penalty on its taxes, a corporation should, when making its first payment, estimate its tax to be at least equal to the prior year's tax. If the prior year's tax was the minimum tax, the corporation should make a payment or payments equal to the minimum tax to safeguard against a possible underpayment penalty.

Note: Any corporation having \$1 million or more of federal taxable income in any of its three preceding taxable years (as defined in IRC sec. 6655(g)) may only use its prior year tax liability to calculate its first quarterly estimated tax payment. Any reduction in the first installment payment that results from using this method must be added to its second installment payment.

For more information on corporate estimated taxes, refer to Regulation 830 CMR 63B.2.2, and M.G.L. Ch. 63B.

Registration Information

Line 2

A corporation is a section 38 manufacturer for any taxable year if it is engaged in manufacturing during the taxable year and its manufacturing activity during the taxable year is substantial. This applies whether the corporation is a domestic manufacturing corporation under M.G.L. Ch. 63, sec. 38C or a foreign manufacturing corporation under M.G.L. Ch. 63, sec. 42B, and regardless of whether the corporation is classified as a manufacturing corporation under M.G.L. Ch. 58, sec. 2 and Regulation 830 CMR 63.58.2.1.

The apportionment factor for corporations engaged in substantial manufacturing (section 38 manufacturers) is 100% of sales.

A corporation's manufacturing activity is substantial for any taxable year if the corporation meets any of the following tests:

- ▶ The corporation derives 25% or more of its receipts for the taxable year from the sale of manufactured goods that the corporation manufactures; or
- ▶ The corporation pays 25% or more of its payroll for the taxable year to employees working in manufacturing operations and derives 15% or more of its receipts for the taxable year from the sale of manufactured goods that the corporation manufactures; or
- ▶ The corporation uses 25% or more of its tangible property in manufacturing during the taxable year and derives 15% or more of its receipts for the taxable year from the sale of manufactured goods that the corporation manufactures; or

■ The corporation uses 35% or more of its tangible property in manufacturing during the taxable year.

Effective January 1, 1997, mutual fund service corporations are required to attribute their mutual fund sales to Massachusetts based on the domicile of the shareholders in the fund. Effective July 1, 1997 mutual fund service corporations are allowed to apportion their net income from mutual fund sales based solely on their sales factor. However, in order to use the single sales factor apportionment method a mutual fund service corporation must increase its workforce in Massachusetts by 5% a year for five years based on the 1996 employment level unless adverse economic conditions exist. Taxable net income not derived from mutual fund sales is apportioned according to the statutory three factor method.

A corporation is a mutual fund service corporation if it derives more than 50% of its gross income from providing, directly or indirectly, management, distribution or administration services to or on behalf of a regulated investment company, and from trustees, sponsors and participants of employee benefit plans which have accounts in a regulated investment company.

The Department has issued further guidance on apportionment for mutual fund service corporations; see Regulation 830 CMR 63.38.7.

If a corporation is qualified as a section 38 manufacturer or is a mutual fund service corporation, check the applicable box and complete Schedule F, Income Apportionment, accordingly. Section 38 manufacturers and mutual fund service corporations must also complete and enclose Form F-2. Form F-2 is available at www.mass.gov/dor or any Department of Revenue location.

The Department has issued further guidance on apportionment; see Regulation 830 CMR 63.38.1.

Line 3

A domestic business qualifies as an R & D corporation only if: its principal activity is research and development; more than two-thirds of its total receipts for the taxable year are derived from research and development; and more than one-third of its receipts for the taxable year are derived from the research and development of tangible personal property capable of being manufactured in the Commonwealth.

A foreign business qualifies as an R & D corporation only if: its principal activity is research and development; more than two-thirds of its total receipts assignable to Massachusetts (for the taxable year) are derived from research and development; and more than one-third of its receipts assignable to Massachusetts (for the taxable year) are derived

from the research and development of tangible personal property capable of being manufactured in Massachusetts.

If you are a classified manufacturer, you must have filed Form 355Q and had your manufacturing status approved by the commissioner.

A Regulated Investment Company (RIC) must file an informational return and may do so by filing Form 355 or 355SC. The Excise, Balance Due and Refund lines should be left blank and "RIC-Informational Return" must be written across the front of the return.

If the corporation is a Real Estate Investment Corporation (REIT), which is an intangible property corporation, it is required to file Schedule RNW, Reit Net Worth Calculation in place of Schedule D. See TIR 06-6 for further information.

Line 6

Domestic and foreign insurance mutual holding companies are subject to the corporate excise as business corporations but are not required to pay the portion of tax based on the value of their tangible property or net worth (i.e., the non-income measure of the excise). The corporate excise tax for an insurance mutual holding company is the greater of 9.5% of its net Massachusetts income in Massachusetts or the minimum excise tax of \$456.

Line 7

If the corporation is requesting alternative apportionment under M.G.L. Ch. 63, sec. 42, answer yes in line 7 and enclose Form AA-1. The return and Schedule F must be completed and the tax must be paid according to the statutory three-factor formula. However, alternative treatment may be requested and a refund will be issued if such treatment is granted by the Commissioner of Revenue. For further information on alternative apportionment see M.G.L. Ch. 63, sec. 42 or Regulation 830 CMR 63.42.1.

Line 8

Any corporation undergoing a voluntary dissolution should notify the DOR within 30 days of the vote to dissolve by writing to: Massachusetts Department of Revenue, Customer Service Bureau, PO Box 7010, Boston, MA 02204.

Line 14

If your corporation has undergone a federal audit for some prior year, you must report any changes to Massachusetts on Form CA-6, Application for Abatement/Amended Return. You must report any federal audit changes within three months after the final determination of the correct taxable income by the IRS. Otherwise, you will be subject to a penalty. If the federal change results in less tax due to

Massachusetts than was assessed or paid, you may apply for abatement under the federal change rules within one year of the final federal determination. Answering line 14 does not relieve the corporation from this filing obligation.

Line 16

If the corporation is deducting intangible or interest expenses, answer yes. Complete Schedule ABI, Exceptions to the Add Back of Interest Expense, and/or Schedule ABIE, Exceptions to the Add Back of Intangible Expenses to claim the deduction.

Line 17

If the corporation must explain any inconsistent filing positions made on the return, answer yes and enclose Schedule TDS. See TIR 06-5 for further information.

Excise Calculation

In order to complete the excise calculation, all appropriate schedules must be filled out first. Therefore, schedule instructions precede the instructions for the excise calculation section. Use the whole dollar method.

Schedule A

Balance Sheet

Enter the closing amounts for the taxable year covered by this return. Once the corporation's balance sheet is completed, it will be easier to complete subsequent schedules.

Line 1a

Enter here the book value of all buildings. A portion of the cost attributable to buildings under construction and reported on the corporation's books as construction in progress (CIP) is considered real estate for purposes of the property measure of the corporate excise and must be reported in line 1a. Enter 100% of the corporation's real estate CIP costs, less 15% of the **current year's** accumulation.

Line 1j

The value of any certified solar/wind units for which a deduction is claimed this year should be entered here. Amounts of certified industrial waste and/or air pollution treatment facilities and certified solar/wind deductions claimed in any prior year should be included. In order to be eligible for this deduction, property must be certified by the appropriate state agencies and copies of such certificates must be available upon request. See instructions for Schedule E-CG, line 25.

Line 1k

Enter here the value of all tangible property reported on the corporation's books as CIP. In addition, enter here 15% of the **current year's** real estate CIP accumulation. For further information, see Department of Revenue Directive 02-11.

Line 2b

Enter here the value of inventory that is exempt from the tangible property measure of the excise. An example of exempt inventory is merchandise of foreign origin imported and immediately placed in a federally bonded warehouse. Merchandise of domestic origin is not exempt from the tangible property measure of the excise. A schedule listing the components of any entry in line 2b must be available upon request.

Line 12

In order to be a subsidiary, the parent must own at least 80% or more of the voting stock of a corporation in accordance with IRC sec. 1504. Include investments in capital stock. Advances should include payments in the nature of capital contributions. Do not include loans or other receivables.

Line 12a

Enter in line 12a the total of capital stock and equity contributions subsidiary corporations 80% or more owned. If an amount other than "0" is entered in line 12a, Schedule A-1, Investments in Subsidiaries, must be completed.

Line 12b

Enter in line 12b the value of capital stock investments with less than 80% ownership and also any other investment entity such as a partnership.

Line 14

If the reserve for bad debt exceeds 2% of accounts receivable, a complete explanation to enable a review and determination of the proper amount allowable must be available upon request.

Line 15

Enter the amount from Schedule A-2, Intercompany Receivables, line 29.

Line 17

Enter here the value of any assets not included in lines 1 through 16. Examples include, but are not limited to, goodwill and company patents.

Line 19a

Enter the value of mortgages on Massachusetts real estate, motor vehicles, machinery owned by a corporation which is not classified as a manufacturing corporation, and other tangible personal property located in Massachusetts and subject to local taxation. Mortgages do not include conditional sales, pledges or other types of security interest.

Line 22

Enter the amount from Schedule A-3, Intercompany Payables, line 29.

Schedules B, C & D

Tangible or Intangible Classification and Calculation of Non-Income Measure

Schedules B, C and D are used to calculate the non-income measure of the Massachusetts corporate excise. Schedule B is used to determine whether a corporation is a tangible or intangible property corporation. Once determined, tangible property corporations must complete Schedule C (and omit Schedule D) and intangible property corporations must complete Schedule D (and omit Schedule C). Net book values should be used in completing all schedules.

Schedule B

Schedule B is used to calculate whether a corporation is a tangible or intangible property corporation. Beginning in 2004, taxpayers no longer have the option of calculating the non-income measure as a domestic or foreign corporation. To reflect this legislative change, both Schedule B and D have been reduced in length. If line 15 is 10% or greater, complete Schedule C. If line 15 is less than 10%, complete Schedule D. The maximum entry allowed on line 15 is 9.999999.

Schedule C

If Schedule B, line 15 is 10% or greater, the corporation must complete Schedule C using net book values to determine the non-income measure of the excise. Omit Schedule D.

Schedule D

Schedule D is used by a corporation to calculate its non-income measure excise on the basis of net worth. If line 15 of Schedule B is less than 10%, complete this schedule. Corporations are allowed to deduct the value of investments in, and advances to, Massachusetts and foreign subsidiaries. To be a subsidiary, the parent must own 80% or more of the voting stock of the corporation in accordance with IRC sec. 1504.

Schedule E-1

Dividends Deduction

Massachusetts corporate excise law does not allow the dividends received deduction allowed under the IRC. However, a deduction is generally allowed for 95% of the value of dividends received except:

- ▶ dividends from ownership of shares in a corporate trust engaged in business in the Commonwealth;
- ▶ dividends resulting from deemed or actual distributions (except actual distributions of previously taxed income) from a DISC which is not wholly-owned; or
- ▶ dividends from any class of stock if the corporation owns less than 15% of the voting stock of the payer corporation.

Dividends received from a Regulated Investment Company (RIC) or Real Estate Investment Trust (REIT) are not eligible for the dividends received deduction, whether the dividend is paid directly by the RIC or REIT, or indirectly, as through a subsidiary or affiliate of the taxpayer.

The total dividends amount on Schedule E-1, line 1 is derived from the amount shown on U.S. Form 1120, Schedule C, line 19, less any dividends received directly or indirectly from RICs or REITs as well as any other dividends for which deduction is not allowed under Massachusetts law. The amounts excluded from line 1 are also excluded from line 6. The dividends shown on lines 2 through 4 should not be excluded from line 1, as they will be separately subtracted from line 1 in determining the amount of line 6. For further information, see TIR 04-10.

A schedule showing payers, amounts and percent of voting stock owned by class of stock must be available upon request.

Corporate Disclosure Schedule

Chapter 402 of the Acts of 1992 require the Department of Revenue to conduct an annual analysis of corporate tax liability. To provide the department with information necessary to complete this analysis, corporations are required to report amounts taken federally for charitable contributions, research expenses and certain types of depreciation. All corporations must complete the Corporate Disclosure Schedule on their return or the return will be considered insufficient and will be subject to applicable penalties and interest.

Schedule CR. Other Corporate Credits

Schedule CR is used to calculate the total of any credits being claimed for use in the current tax year.

Schedule E-CG

Taxable Income

Mutual fund service corporations eligible to apportion their income under M.G.L. Ch. 63, sec. 38 (m) must complete two separate copies of Schedule E-CG: (1) for income derived from mutual fund sales; and (2) for non-mutual fund sales income, if any. Taxable net income from mutual fund sales is gross income from mutual fund sales less: (1) any deductions directly traceable to its mutual fund sales; and (2) a portion of other allowable deductions. Other allowable deductions consist of deductions not directly traceable to mutual fund sales or non-mutual fund sales. To determine the deductible amount of its other allowable deductions, a mutual fund service corporation must multiply the total amount of its other allowable deductions by a fraction, the numerator of which is the mutual fund service corporation's gross income derived from mutual fund sales for the taxable year and the denominator of which is the mutual fund service corporation's total gross income for the taxable year. Taxable net income from non-mutual fund sales consists of any taxable net income not derived from mutual fund sales.

If a corporation is not a mutual fund service corporation, 100% of sales, profits, and income should be entered in lines 1 through 12. If the corporation has income from business activities which is taxable both in Massachusetts and any other state, Schedule F should be completed and the apportionment percentage entered in line 22.

Line 4

Enter federal taxable income before deducting net operating loss or other special deductions. If the corporation is the parent of a DISC, income should be reported with no allocation to the DISC.

Line 5

Enter any allowable U.S. Wage Credit used in calculating U.S. Form 1120, line 13.

Line 7

Enter all interest received on state and municipal obligations not reported in federal net income.

Line 8

Massachusetts does not allow a deduction for state, local and foreign income, franchise, excise or capital stock taxes. Any such taxes which have been deducted from federal net income should be entered in line 8 and added back into income.

Line 9

For Massachusetts purposes, for taxable years ending after September 10, 2001, depreciation is to be claimed on all assets, regardless of when they are placed in service, using the method used for federal income tax purposes prior to the enactment of sec. 168(k). For more information, see TIR 02-11 and TIR 03-25.

Line 10

A taxpayer must add back to net income any related member intangible expenses and costs, including losses incurred in connection with factoring or discounting transactions. If you qualify for an exception to the add back requirement, complete Schedule ABIE. For further information, see TIR 03-19.

Line 11

A taxpayer must add back to income any related member interest expenses and costs, including losses incurred in connection with factoring or discounting transactions. If you qualify for an exception to the add back requirement, complete Schedule ABI. For further information, see TIR 03-19.

Line 12

Massachusetts has decoupled from the American Jobs Creation Act of 2004, Public Law 108-357. For corporate excise purposes, the definition of net income does not include the new federal production activity deduction. See TIR 05-5 for further information.

Line 13

Enter any adjustments to income not previously reported. For example, enter in this line the amount of depreciation or amortization taken this year in computing federal net income for the following:

- ▶ certified industrial waste and/or pollution treatment facilities of prior years; or
- ▶ certified solar/wind units of current or prior years, if said facilities were sold during the year. (See M.G.L. Ch. 63, sec. 38D(d) and sec. 38H(e) for further explanation.)

Capital gains on installment sales of intangible property made prior to 1963 may also be deducted from income. These gains fall under the provisions of prior Massachusetts law when such income was not taxable (see M.G.L. Ch. 63, sec. 38(a)(2)). This adjustment should be made in line 8.

Deduct the full federal research credit generated provided that the full federal research credit was taken. If a reduced federal research credit was taken, no adjustments are necessary.

In the "Total tentative research credit" line of Schedule RC, add back the full Massachusetts research credit generated.

The deduction allowed to a corporation for any expense which qualifies for the Massachusetts Research Credit must be reduced by the Massachusetts Research Credit determined in the current taxable year. In addition, subsection (c) of IRC sec. 280C, which requires a similar reduction of the deduction, shall not apply in determining Massachusetts net income.

Capital loss carryovers are not allowed under Massachusetts law. Any loss claimed on the federal return must be added back here.

If the corporation has income not subject to apportionment, the amount should be deducted here and entered on Schedule E-CG, line 24.

Line 15

Enter the total cost of renovating an abandoned building in an Economic Opportunity Area. Multiply this amount by 10% and enter here.

Line 16

Refer to Schedule E-1 for the allowable deductions for dividends. Dividends from a Massachusetts corporate trust, a non-wholly-owned DISC or a corporation of which less than 15% of the voting stock is owned are not deductible. Also, direct or indirect dividends received from a RIC or REIT are not deductible.

Line 19

If a loss, skip to line 26 and enter the result.

Line 20

Massachusetts allows two different loss carryover deductions. **A corporation may take only one of these deductions.** A complete schedule of federal loss carryback and carryforward computations must be available.

Line 22

If the corporation conducts business activities in another state sufficient to give that state the jurisdiction to tax the corporation, Schedule F should be completed in order to determine the apportionment percentage. If all business is conducted in Massachusetts, 100% (1.00) should be entered in line 22.

Line 25

A deduction is allowed for expenditures paid or incurred during the taxable year for the installation of any solar or wind powered climate control or water heating unit. Ancillary units do not qualify.

In order to be eligible for this deduction, the property must be certified by the Office of Facilities Management. A copy of such certification must be available along with a schedule itemizing the:

- cost;
- allowable federal depreciation;
- date of installation; and
- place of installation.

If these amounts are prorated, the computation should be explained.

If eligible units do not continue in qualified use for ten years, the deductions previously allowed must be added back to taxable income. The amount should be entered in Schedule E-CG, line 13.

Note: The special deduction for the construction of certified industrial waste and/or air pollution treatment facilities does not apply to expenditures paid or incurred on or after January 1, 1980.

Line 26

If the amount in line 19 is a loss, enter that amount. Otherwise, subtract line 25 from the total of lines 23 and 24 and enter the result.

Line 27

In order to calculate the income excise of each corporation to determine allowable credits, the combined group's income excise must be multiplied by the ratio of each company's Massachusetts taxable income to the combined group's taxable income excluding losses.

If the combined groups taxable income from the principal reporting corporation's return, excise calculation, line 3 is zero do not complete line 27. Instead, skip to line 28.

Make this calculation by taking the following steps:

Step 1. Enter the combined group's taxable income from 355C, Excise Calculation, line 3.

Step 2. Multiply the total amount in step 1 by .095.

Step 3. Calculate the combined group's taxable income, excluding losses, by totaling the Massachusetts taxable income of each company with positive income in Schedule E-CG, line 26.

Step 4. For each company with positive Massachusetts taxable income, divide the company's Massachusetts income reported in Schedule E-CG, line 26 by the total in step 3.

Step 5. For each company with positive Massachusetts income, multiply the amount from step 4 by the step 2 total. Enter this result in each company's Schedule E-CG, line 27. For companies with no Massachusetts taxable income or with a net loss, enter "0" in Schedule E-CG, line 27.

Schedule CG

Combined Group Schedule

Schedule CG must be completed and enclosed with the return of the principal reporting corporation. This schedule identifies each corporation that participates in the filing of the Massachusetts combined return and identifies payments made by each corporation. Start with the Principal Reporting Corporation section. Enter all applicable information regarding the parent corporation's payments. Then complete the first subsidiary corporation section, the second corporation section, and continue until a payment summary has been completed for each member corporation. Actual payments are payments that were made using that member's corporation's FID.

Enclose additional copies of Schedule CG if the group has more than 4 members. When the payment summary of each corporation is complete, add the amount from each line and enter the combined total of all members of the group in the "Total Tax Due and Payments" section.

Schedule E-2

Loss Carryover Deduction

Massachusetts allows two different loss carryover deductions. **A corporation may take only one of these deductions.** If the corporation qualifies to take either deduction, the choice between the deductions is left to the corporation's discretion.

Part 1

Massachusetts law allows a loss carryover deduction for all corporations, regardless of how long the corporation has been in existence. Corporations will be allowed to carryover for no more than five years (but not carry back) net operating losses (NOL) as defined in IRC sec. 172.

Part 2

Massachusetts law also allows a carryover deduction for losses, as determined under IRC sec. 172, incurred during the first five years of a corporation's existence. The following limitations are placed upon this deduction:

- Carryover losses are not allowed to corporations where 50% or more of the voting stock is owned by another corporation (whether or not the owning corporation is taxable in Massachusetts);
- Losses of a foreign corporation incurred before becoming subject to Massachusetts corporate excise liability are not allowed; and
- The deduction can be taken only within the initial five-year period.

Note: A corporation may switch between the two NOL deductions from one taxable year to another. If the corporation switches from the General NOL to the New Corporation NOL, any unexpired General NOL carryover may be added to the available loss for the New Corporation NOL. See the Net Operating Loss Deductions and Carryovers Regulation, 830 CMR 63.30.2(3)(c) for further information.

Schedule F

Income Apportionment

Mutual fund service corporations should complete a Schedule F for income from mutual fund sales if they made mutual fund sales to RIC's with shareholders domiciled outside of Massachusetts. Schedule F should be completed by all other corporations (including mutual fund service corporations reporting non-mutual fund sales) which have income from business activities which is taxable both in Massachusetts and in any other state. For purposes of this requirement, "taxable" has the meaning set forth in the Apportionment of Income Regulation, 830 CMR 63.38.1 sec. 5(b). This standard is not satisfied merely because the taxpayer is incorporated in such a state or files a return in such a state that relates to capital stock tax or franchise tax for the privilege of doing business.

If the corporation is requesting alternate apportionment under M.G.L. Ch 63, sec. 42, answer yes in line 7 of Form 355 and enclose Form AA-1. You must still complete and file Schedule F. A refund will be issued if alternative apportionment is granted by the Commissioner. For further information on alternative apportionment see the Massachusetts Alternate Apportionment Regulation, 830 CMR 63.42.1.

For further information about corporations that hold partnership interests and the appropriate method to use to apportion partnership income, see Regulation 830 CMR 63.38.1 sec. 4(d) and 12.

Corporations engaged in substantial manufacturing (section 38 manufacturers) are required to apportion their net income based on sales factor only.

Corporations other than section 38 manufacturers or mutual fund service corporations are required to apportion their net income as follows: sales factor equals 50%, property factor equals 25%, payroll factor equals 25%.

To determine if a corporation qualifies as a section 38 manufacturer or mutual fund service corporation, see instructions for the registration section: line 2 of Form 355, 355C or 355S.

If a corporation is a section 38 manufacturer or mutual fund service corporation, fill in the applicable oval. If a corporation is not a section 38 manufacturer or a mutual fund service corporation, fill in the oval for "Other."

Mutual fund service corporations must complete a Schedule F based on mutual fund sales and a separate Schedule F based on non-mutual fund sales, if any. For further information on apportionment for mutual fund service corporations, see Regulation 830 CMR 63.38.7.

Corporations must complete all lines, regardless of apportionment method used. Make certain that complete information is entered for all apportionment factors. A return which is incomplete will be considered insufficient.

Line Instructions

1. Property Factor

Line 1a

For tax purposes, average value is based on original cost and is determined by averaging the property values at the beginning and end of the taxable year. If substantial changes occur during the taxable year, the Commissioner may require monthly averaging to properly reflect the average value of the property. For purposes of the property factor, a taxpayer may elect to use any reasonable method for attributing its mobile property to Massachusetts. The election is made by filing a return that employs the chosen method for the first tax year ending on or after August 11, 1995, in which the taxpayer owns or rents mobile property and apportions income to Massachusetts. The taxpayer must make available a statement describing the method chosen and must use the same method consistently from year to year. For further information, including safe harbor methods, see Regulation 830 CMR 63.38.1 sec. 7(d).

Construction in progress is generally excluded from the property factor; see Regulation 830 CMR 63.38.1 sec. 7(a). For the property factor, inventory in transit is deemed to be at its destination; see Regulation 830 CMR 63.38.1 sec. 7(c).

Line 1b

Property rented by the corporation is valued at eight times the annual net rental rate paid less any sub-rentals received.

2. Payroll Factor

Line 2a

Enter the total amount of wages, salaries, commissions, or any other compensation paid to employees. An employee's compensation is allocated to Massachusetts, if **any** of the following apply:

- ▶ the employee's service is performed within Massachusetts;
- ▶ the employee's service is performed both in Massachusetts and in other state(s), but the non-Massachusetts service is secondary to the Massachusetts service;
- ▶ part of the employee's service is performed in Massachusetts, and the service is controlled from a location in Massachusetts;
- ▶ part of the employee's service is performed in Massachusetts, and the location of the service is not in a state in which some part of the service is performed, but the employee lives in Massachusetts.

The total amount paid for compensation is computed on the cash basis, as reported for unemployment purposes. A taxpayer that uses the accrual method of accounting in computing its taxable net income may elect to use the accrual method in determining the total amount of compensation paid in Massachusetts during the taxable year. For further information on how to elect the accrual method see Regulation 830 CMR 63.38.1 sec. 8(a).

3. Sales Factor

For sales factors, enter the gross receipts of the corporation with the exception of those receipts from interest, dividends and the sale or other disposition of securities. Any receipts resulting in allocable income must be excluded. For further information, see Regulation 830 CMR 63.38.1 sec. (9)(a).

Also, in the case of the sale, exchange or other disposition of a capital asset used in the taxpayer's trade or business, enter the gain from the transaction and not the gross receipts. For further information, see Regulation 830 CMR 63.38.1 sec. (9)(b).

Line 3a

Sales of tangible personal property are assignable to Massachusetts if the property is delivered or shipped to any buyer, including the federal government, in Massachusetts.

Line 3b

Sales of tangible personal property are assignable to Massachusetts if the selling corporation is not taxable in the state of the buyer and the property is not sold by an agent or agencies chiefly situated at, connected with, or sent out from premises for the transaction of business owned or rented by the corporation outside Massachusetts. A buyer for this item includes the federal government.

Sales of tangible personal property are **not** assignable to Massachusetts if:

- ▶ the property is shipped or delivered to a buyer in a foreign country; or
- ▶ the property is sold to any branch or instrumentality of the federal government for resale to a foreign government.

Line 3c

Sales of services, other than mutual fund sales or other intangibles, are assigned to Massachusetts if the income producing activity is performed in Massachusetts, or if a greater portion of the activity, based on performance cost, occurs in Massachusetts than in any other state.

Mutual fund sales are assigned to Massachusetts as follows:

- ▶ mutual fund sales are determined separately for each RIC from which the mutual fund service corporation receives fees for mutual fund services;
- ▶ the mutual fund sales for each RIC are multiplied by a fraction, the numerator of which is the average number of shares owned by the RIC's shareholders domiciled in Massachusetts at the beginning and end of the RIC's taxable year that ends within the mutual fund service corporation's taxable year, and the denominator of which is the average number of shares owned by all of the RIC's shareholders for the same period; and
- ▶ the resulting amounts are totaled for all RICs.

Line 3d

Rents from property located or used in Massachusetts are assigned to Massachusetts. Royalties derived from the use of intangible property are assigned to the state to the extent that the property is used in the state.

If using a three-factor apportionment formula, and one or more factors are inapplicable the following shall apply:

- ▶ In cases where only two of the three apportionment factors (property, payroll, sales) are applicable, the taxable net income is apportioned by a fraction, the numerator of which is the remaining two factors with their respective weights and the denominator of which is the number of times that such factors are used in the numerator.
- ▶ In cases where only one of the three apportionment factors (property, payroll, sales) is applicable, the taxable net income is apportioned solely by that factor with its respective weight, and the denominator is the number of times the factor is used in the numerator.

Note: An apportionment factor should not necessarily be considered inapplicable if its Massachusetts total (lines 1c, 2a or 3f) is zero.

If you are claiming an exception on Schedule ABI or ABIE, do the following to see if a factor applies. Complete Schedule E through line 21 without reference to the add back exception but less the amount of deductible and intangible expense stated in line 1 of the respective Schedule ABI or ABIE.

If any of the apportionment totals for "Worldwide" (lines 1c, 2a or 3f) are less than 3.33% of Schedule E, line 21, **do not** include that factor in your Massachusetts apportionment percentage.

Schedule H

Investment Tax Credit and Carryovers

The Investment Tax Credit equals 3% of the cost or other federal basis of qualifying property less any U.S. Investment Tax Credit taken on such property (including any amount of federal credit on the property which is carried to another year, see TIR 87-2). To qualify for the credit, the property must be tangible personal property, buildings or structural components of buildings; and it must have been acquired, constructed, reconstructed, or erected during the taxable year. The property must also (a) be depreciable, (b) have been acquired by purchase pursuant to IRC sec. 179(d), (c) have a useful life of four years or more or a recovery period of three years or more, (d) be used in Massachusetts and (e) be situated in Massachusetts on the last day of the taxable year. A corporation cannot take the credit on property it leases to another. A corporation can take the credit on property it leases from another (for property leased and placed in service on or after July 1, 1994). Generally, eligible corporation lessees making qualifying leasehold improvements may claim the credit.

Line 1

To be eligible for the credit, a corporation must be (a) engaged in manufacturing during the taxable year, or primarily engaged in (b) agriculture, (c) commercial fishing, or (d) research and development. A corporation qualifies under (d) only if its principal activity is research and development and more than two-thirds of its total receipts for the taxable year (or two-thirds of receipts assignable to Massachusetts if a foreign corporation) are derived from research and development, and more than one-third of its receipts for the taxable year (or one-third of receipts assignable to Massachusetts if a foreign corporation) are derived from the research and development of tangible personal property capable of being manufactured in Massachusetts.

Lines 2 through 8

Useful life of property is the same for Massachusetts purposes as for federal tax purposes.

For leased property the credit is based on the lessor's adjusted basis in the leased property (determined at the beginning of the lease term) multiplied by a fraction, the numerator of which is the number of days of the taxable year during which the lessor leases the property and the denomina-

tor of which is the number of days in the useful life of the property. Useful life is the period over which the lessor depreciates the leased property for federal tax purposes.

If property qualifying for the Investment Tax Credit is disposed of or ceases to be in qualified use during the year of purchase, the credit allowed is 3% of the federal basis of the property (less any U.S. Investment Tax Credit taken) multiplied by the number of months of qualified use divided by the total number of months of useful life.

Note: Corporations are required to submit a separate statement explaining the job opportunities created by the Investment Tax Credit. The statement must include both the number of new jobs created and/or existing jobs protected by the new investment. Include on the statement any other information considered to be pertinent to employment in Massachusetts.

Lines 9 through 28

Use this section to calculate (a) the number of credits available in the current year, (b) the total number of credits which may be used in the current year to offset the excise — including the order in which the various types of credits are to be used, and (c) the number and status (limited or unlimited life) of credits that may be carried to subsequent years.

When completing lines 11 through 28, complete all line a entries first. Next, complete all line b entries, followed by line c entries, line d entries, and line e entries, where applicable.

Line a

In lines 11a through 27a, enter in each line a the amount of available credit from the appropriate supporting schedule. In line 28a, enter the total of all line a entries from lines 11a through 27a. This is the total amount of credits available for current year use which are subject to the 50% limitation of excise rule. If not used in 2006, unused credits can be carried forward for future use.

Line b

In lines 11b through 27b, enter in each line b the amount being used as a credit to offset the 2006 excise. Credits should be used in the order listed to prevent unnecessary lapsing of credits. Schedule H is designed to give priority to credits which expire first.

Starting with line 11a, complete all line a entries until line 27a is reached. Transfer any amount (or part of) each line a entry which is being used to reduce the 2006 excise into line b. Continue until all available credits are used or until the total amount transferred into line b equals the amount in line 10, whichever occurs first.

Enter the amount from line 11b in line 8 of the excise calculation. Enter the amount from line 15b in line 7 of the excise calculation. Enter the amount from line 26b in line 6 of the excise calculation. Add lines 12b, 13b, 14b, 16b through 25b, and 27b. Enter the result in line 9 of the excise calculation.

Line c

Complete line c of lines 11 through 28 only if the amount in 28a is greater than the amount in line 10. Subtract the amount in line b from line a, lines 11 through 27, and enter the differences in line c.

Line d

Starting with line 11c, work downward until line 27c is reached. Transfer any amount (or part of) line c to line d of each line until all unused credits have been transferred, or the amount in line d equals the amount in line 29. Then transfer the amount in line 27c to 27d.

Line e

Enter in lines 13 through 15, line e, any Investment Tax Credit from the appropriate year, subject to the 3 year limitations.

Enter in lines 17 through 26, line e, any Economic Opportunity Area Credit from the appropriate year, subject to 10-year limitations.

Excise Calculation

The excise calculation schedule is used to calculate the various measures of the Massachusetts corporation excise. These are:

- ▶ a tax of \$2.60 per \$1,000 on taxable Massachusetts tangible property or taxable net worth, whichever applies. If the return is for a short taxable year, the tangible property or taxable net worth should be prorated; and
- ▶ a tax of 9.5% on income attributable to Massachusetts.

The law also provides for a minimum excise of \$456.

Line 3

Enter the amount from Schedule E-3, line 29, if you had taxable income (a positive number). If the amount in Schedule E-3, line 29 is a loss, enter "0."

Line 10

Any corporation that wishes to contribute any amount to the Natural Heritage and Endangered Species Fund may do so on this form. This amount is added to the excise due.

Lines 20 and 21

Penalty for Underpayment of Estimated Tax

An additional charge may be imposed on corporations which underpay their estimated taxes or fail to pay estimated taxes. Use Form M-2220 to compute any underpayment penalty.

Penalty for Failure to File

The penalty for failure to file a tax return by the due date is 1% of the tax due per month (or fraction thereof), up to a maximum of 25%.

Penalty for Late Payment

The penalty for failure to pay the total payment due with this form is $\frac{1}{2}\%$ of the tax due per month (or fraction thereof), up to a maximum of 25%.

Any corporation which fails to pay its tax when due will be subject to interest charges on the unpaid balance.

Line 22

Enter the total payment due. Checks for this amount should be made payable to the Commonwealth of Massachusetts. Checks should include the corporation's Federal Identification number.

Privacy Act Notice

Under the authority of 42 U.S.C. sec. 405(c)(2)(c)(i) and M.G.L. Ch. 62C, sec. 5, the Department of Revenue has the right to require an individual to furnish his or her Social Security number on a state tax return. This information is mandatory. The Department of Revenue uses Social Security numbers for taxpayer identification to assist in the processing and keeping track of returns and in determining and collecting the proper amount of tax due. Under M.G.L. Ch. 62, sec. 40, the taxpayer's identifying number is required to process a refund of overpaid taxes. Although tax return information is generally confidential pursuant to M.G.L. Ch. 62, sec. 21, the Department of Revenue may disclose return information to other taxing authorities and those entities specified in M.G.L. Ch. 62, sec. 21, 22 or 23, and as otherwise authorized by law.

Signature

When the form is complete, it must be signed by the treasurer or assistant treasurer or, in their absence or incapacity, by any other principal corporate officer. The Social Security number of the signing officer should be entered next to the date the return was signed. If you are filing as an authorized delegate of the appropriate corporate officer, check the box in the signature section and enclose a copy of Massachusetts Form M-2848, Power of Attorney. The form must also be signed by any paid preparer of the form. The form should be mailed to: **Massachusetts Department of Revenue, PO Box 7067, Boston, MA 02204.**

Form 355-7004 Corporate Extension Worksheet

Massachusetts
Department of
Revenue

Tentative Return

1	Estimated amount of tax for the taxable year (must be at least minimum tax)	1	
2	Advance and/or estimated payments made (if any)	2	
3	Tax due with this application. Subtract line 2 from line 1.	3	

Payment in full of the tax due must be made with the extension request for it to be considered valid. If at least 50% of the tax due or the minimum tax (whichever is greater) for the taxable year is not paid, the extension is null and void. Penalties for a late return will be assessed from the original due date of the return.

General Information

Who May File Form 355-7004?

All domestic and foreign business, manufacturing or security corporations eligible to file Forms 355, 355C, 355S, 355SC or 355SBC may use this application to request either an automatic six-month extension of time to file their return or an extension of time to file for more than six-months. Corporations that file corporate returns other than those listed, such as insurance companies, financial institutions, public utilities, urban redevelopment companies, etc., must use Form 355-7004 Misc. Form 355-7004 also acts as the required tentative return.

When Should Form 355-7004 Be Filed?

This application must be filed on or before the 15th day of the third month after the close of the taxable year, calendar or fiscal.

Must a Payment Be Submitted with This Form?

Yes. The full payment of tax reasonably estimated to be due must accompany this form. If at least 50% of the tax due or the minimum tax (whichever is greater) for the taxable year is not paid, the extension is null and void. If filing form 355C, payments may be allocated to subsidiaries when Schedule CG is filed.

Will Interest and Penalties Be Due?

An extension of time to file a corporation tax return **does not** extend the due date for payment of the tax. Interest will be charged on any tax not paid on or before the original due date. Any tax not paid within the extended period is subject to a penalty of ½% per month, up to a maximum of 25%, from the extended due date.

How Long Is the Period of Extension?

An **automatic six-month extension** is granted upon the proper filing of this form. An **extension for a period longer than six-months** may be granted if good cause exists; it requires the written approval of the Commissioner before it becomes effective. The Commissioner may terminate this extension at any time by mailing a notice of termination to the corporation or to the person who requested the extension for the corporation. The notice will be mailed at least 10 days prior to the termination date designated in the notice.

Who May Sign?

Form 355-7004 must be signed by the treasurer or assistant treasurer of the corporation or by a person authorized by the corporation to do so. An application signed by an unauthorized person will be considered null and void. If a return is filed after the original due date based on a void extension, interest and penalties will be assessed back to the original due date.

Keep this worksheet with your records. Do not submit it with Form 355-7004. Mail the completed application to: **Massachusetts Department of Revenue, PO Box 7025, Boston, MA 02204.**

Note: Under certain circumstances, if a payment is not required to be submitted with the extension request, the requirement to file the extension may be waived. For further information, see TIR 06-21.

Dear Taxpayer,

This year's corporate excise return has been updated to include new credits for medical device companies as well as motion picture companies. In addition, changes have been made to the rules governing the Historic Rehabilitation Credit and the Brownfields Credit. See the instructions in this booklet, or visit the DOR website at www.mass.gov/dor, for more information.

Last year, Massachusetts corporate e-file witnessed a 293 percent increase for corporate, partnership and fiduciary returns. In addition, 30 different vendors participated in the e-file program. E-file has become the primary method of filing returns in Massachusetts and continues to grow each year. If you have not already done so, we strongly encourage you try corporate e-file software and take advantage of the most secure and accurate means of filing your return this year. Information regarding approved software vendors is available on our website, www.mass.gov/dor.

To improve access to its online services, the Department of Revenue is launching a redesigned website this year. All of the information and online tools taxpayers are already acquainted with will still be available, but will be presented in a more user-friendly fashion. In addition, the redesign simplifies access to all of the Commonwealth's information and services by adopting the look and feel of the Commonwealth's government website, Mass.Gov.

We also are pleased to introduce streaming video to our website, through which we will be able to provide instructions on using DOR applications and communicate important messages to taxpayers. Currently the DOR website has streaming video tutorials on how to register a business through WebFile for Business and how to file quarterly wage reports online. Please visit our website at www.mass.gov/dor for more information.

We remain committed to making this tax season as efficient as possible. If you have ideas that you would like to share, or you would like to comment on our efforts, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink that reads "Alan LeBovidge". The signature is written in a cursive, flowing style.

Alan LeBovidge
Commissioner
